EDFU LIMESTONE

NATURAL STONE PAVING

EDFU LIMESTONE

Edfu limestone is a stunning natural stone that exhibits a beautiful blend of cream and coffee hues, capturing the unique character and color movement that makes limestone a popular choice. As a particularly dense and hard-wearing product, Edfu limestone is a versatile option that can be used for a variety of outdoor applications. Edfu's surface has been acid etched to create an attractive leather look with great non slip properties.
