ASH GRANITE

NATURAL STONE PAVING

ASH GRANITE

Ash Granite is a lovely light granite with a soft grey/white background speckled with black to present a beautiful overall tone. The surface is exfoliated with extreme heat, which creates a flat but gritty texture that is ideal for use around swimming pools where slip resistance is essential. One of the benefits of Ash granite is its low maintenance requirements. It is relatively easy to clean and is resistant to stains, scratches, and heat. Additionally, it has a consistent and uniform appearance, making it an attractive choice for many different design styles.

Colour:	Light grey	
Finish:	Flamed	
Tiles:	600 x 300 x 20 mm	200 x 50 x 30mm (batons)
	600 x 600 x 20 mm	100 x 100 x 30mm (cobble)
